ART PUBLISHERS TO THEIR MAJESTIES THE KING & QUEEN.

By Appointment.

Ben Nevis is the giant of Scottish mountains and is situated in Inverness-shire. It is remarkable as being the highest point of Great Britain, attaining an altitude of 4,406 feet. In the year 1883 an observatory was erected on the summit by the Scottish Meteorological Society, and for the convenience of climbers a hotel has been built in its vicinity. The magnificent view of the surrounding country obtained from the top well repays the labour of the ascent.

Printed in England.
